

## About us

Launched on March 2021, this Erasmus+ KA2 Strategic partnership project aims to support VET institutions in their digitalization process, providing learning resources to their trainers and staff.

The project partners are:

**FORAVE** from Portugal  
**IEK DELTA** and **IDEC**  
from Greece

**DEFOIN** from Spain  
**EMPHASYS CENTRE**  
from Cyprus

the **EUROPEAN DIGITAL  
LEARNING NETWORK**  
from Italy

## The 1<sup>st</sup> Transnational Project Meeting in Portugal

The **first transnational meeting** was held last November in Porto!

The coordinator FORAVE hosted the project consortium in its venue in Lousado, not so far from Porto, to discuss the implementation of the project activities.

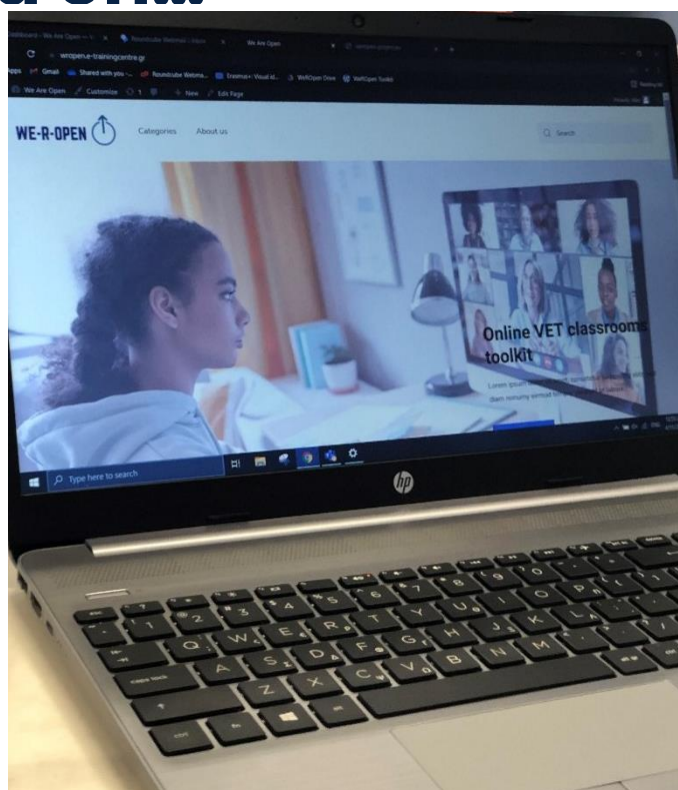

Partners discussed the ongoing activities related to not only the Management of the project, the assurance of its Quality and its Dissemination, but also the 1st Intellectual Output, which is named "Online VET classrooms Toolkit" and the 2nd Intellectual Output, the "E-learning Course for Administrative/Support and Back Office Staff".

# The implementation of Intellectual Outputs is carrying on...

## Online VET classrooms Toolkit

The Online toolkit will consist of an online collection of tools and learning resources that VET teachers and trainers can employ to support the digital transformation of VET courses.

IDEC, the partner in charge of its design and development, showed the progress done regarding the online structure of the toolkit and proposed a division of tasks to implement its final version with all the tools previously identified by partners. From 2022, the Online VET classroom toolkit will be ready to be launched.

## E-learning Course for Administrative/Support and Back Office Staff

It will consist of an e-learning course for administrative/support and back-office staff of VET institutions.

EMPHASYS, the partner in charge of development of training curriculum and learning material and resources, proposed a plan to develop the curriculum structure and its modules, which is now in the making!
